

Chemistry, Global Edition (Paperback)

By John E. McMurry, Robert C. Fay, Jill Kirsten Robinson

Pearson Education Limited, United Kingdom, 2015. Paperback. Condition: New. 7th edition. Language: English. Brand new Book. For two-semester general chemistry courses (science majors). Make critical connections in chemistry clear and visible. McMurry/Fay/Robinson's Chemistry, Seventh Edition, aims to help students understand the connections between topics in general chemistry and why they matter. The Seventh Edition provides a concise and streamlined narrative that blends the quantitative and visual aspects of chemistry, demonstrates the connections between topics, and illustrates the application of chemistry to their lives and careers. New content offers a better bridge between organic and biochemistry and general chemistry content, and new and improved pedagogical features make the text a true teaching tool rather than just a reference book. New MasteringChemistry features include conceptual worked examples and integrated Inquiry sections that help make critical connections clear and visible and increase students' understanding of chemistry. The Seventh Edition fully integrates the text with new MasteringChemistry content and functionality to support the learning process before, during, and after class. MasteringChemistry is not included. Students, if MasteringChemistry is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN and course ID. MasteringChemistry should only be purchased when required by an instructor. Instructors, contact your...
